In case of doubt about one of the documents the organizing committee could decide to refuse the participation of a player.

The organizing committee must receive these documents **before May 1st 2019**, accompanied by an identity photograph, which is compulsory for issuing the badge.

C. Captains

The captain is the only intermediary between his team and the organizers, so he has to respect these obligations:

- He must provide the organization with: one inscription form per player, and a recapitulative list of the team's players that should contain: name, surname,

profession and birth date of each player. These data have to be attested on the honour by the team's captain.

(The given lists have to be received by CSO **before May 15th** but can be modified after this date, until the badges are distributed. - The international representativeness of the tournament.

We strongly advise all teams to count at least 15 players. The experience shows that with fewer players it is difficult to play the entire tournament.

Disciplinary code and scale of the main sanctions for unsportsmanlike behaviour

The MEDIGAMES 2019 Organising Committee has established this disciplinary code by referring to the FIFA Disciplinary Code and the General Rules of the French Football Federation.

PURPOSE

This code describes infringements of the rules contained in the FIFA regulations, determines the penalties entailed, governs the organization and the operation of the disciplinary committee responsible for dealing with them, as well as the procedures to be followed before this disciplinary authority.

Scope of application

This code applies to all matches organized by CSO within the framework of MEDIGAMES 2019. Outside this framework, it applies when an attack is perpetrated against a match official and, more generally, when serious violations are wrought against the statutory goals of MEDIGAMES, in particular in the event of the forgery of titles, corruption and doping. The Disciplinary Committee decisions are not subject to appeal in the general interest of the proper running of this sporting tournament, and the participants knowingly accept the principle while renouncing any grounds for appeal, and this inasmuch as they have been able to be heard, directly or by their defender, for the purpose of ensuring their defence in cases of particularly serious disciplinary offences.

Personal field of application to legal and physical persons

Subject to this code are:

- a) Officials
- b) Players

CHAPTER I: Terms of punishment

Culpability

1. Unless otherwise provided, the offences are punishable, whether they were committed intentionally or as a result of excessive zeal or negligence.
2. The word of the referees and officials shall be given credence, in the absence of proof to the contrary.

Attempted Offence

1. An attempt is also punishable.
2. In the case of an attempted offence, the authority can mitigate the punishment prescribed for the offence committed. The authority is free to determine the extent of mitigation.

Participation

1. Anyone who intentionally participates as an instigator or accomplice to an offence shall also be liable to punishment.
2. The Disciplinary Committee evaluates the responsibility of the player, coach, manager and any other person duly identified as belonging to the team of a bar participating in MEDIGAMES and decides the quantum of punishment for the person involved, taking into account any extenuating and aggravating circumstances relating to the alleged infractions.

Chapter II: Disciplinary offences

SECTION 1: Violations of the laws of the game

- Simple offences: A player is cautioned in accordance with law 12 of the laws of the game when he:
 - a) is guilty of misconduct;

Besides, if the behavior and/or the discriminatory words are the fact of several players, either guides or spectators of a perfectly identified bar, who will have been found by an official, the team of the questioned bar will definitively be excluded, without consequence of the additional disciplinary measures which will be pronounced.

B - Incorrect or discriminatory behaviour towards match officials

Including automatic suspension, any person who has been sent off is suspended as follows:

- d) unidentified perpetrators: when, in the case of assault, it is not possible to identify and prosecute the perpetrator(s) of the offences, the commission will sanction the bar responsible for the team.

4. if a match cannot be played or is only partially played for reasons other than force majeure but because of the behaviour of one or both teams, the match will either be considered as a lost game with zero points to one or both teams, or either one or both teams will be excluded definitively from MEDIGAMES, in view of the particularly serious circumstances, without affecting any additional disciplinary actions that may be imposed on the offenders.

SECTION 3: Cheating or attempts to avoid or ignore MEDIGAMES rules and in particular those concerning qualifying conditions for the players.
